

Living Memorial - Trees

At Old Park Meadow we are developing areas of woodland and would like to ask you to help us populate these areas starting with the Bluebell Wood. Sponsoring a tree can be a fitting tribute for your loved one. Memorial Trees are planted on organised days in the autumn/winter. Families attend these days and help but if nobody can attend, we will plant a tree on your behalf. Planted native memorial trees from our list will be guaranteed for 5 years. Trees will be maintained in accordance with good arboricultural practice. Some trees will need to be coppiced at the appropriate height/time in line with our management program. Below are the trees that we have planted, specially chosen to fit in with the local environment. Because of the living nature of Old Park Meadow, all our living memorial options are subject to availability. We have images of all trees available to view either via our website or by visiting us.

List of trees available to sponsor &/or plant around the grounds:

1. *Crab Apple (Malus Sylvestris)* - Providing spring blossom & small colourful crab apples in autumn.
2. *Field Maple (A. Campestre)* – A pollution fighter, autumn stunner, syrup maker. The field maple is a sturdy broadleaf which supports caterpillars, aphids, & all their predators.
3. *Hornbeam (Carpinus Betulus)* - Gnarled & mighty, the hornbeam is as tough as they come. It's beautiful, useful, & its year-round leaf cover makes it a winter haven for wildlife.
4. *Small Leaved Lime (Tilia Cordat)* - Charming, sturdy, pollinator-magnet. The blossom produces a sweet scent & pleasantly minty honey, its leaves support the caterpillars of moths.
5. *Common Oak (Quercus Robur)* - The wise old English oak supports more life than any other native tree species in the UK.
6. *Rowan (Sorbus Aucuparia)* - A small deciduous tree with creamy white flowers & later producing soft & juicy berries bright orange or red in colour, good food for birds.
7. *Silver Birch (Betula Pendula)* - Pretty, pale, with its silver-white bark.
8. *Wild Cherry (Prunus Avium)* – Loved by wildlife with beautiful blossom & a bounty of bright red fruits.
9. *Common Dogwood (Cornus Sanguis)* - In colder months it bursts into colour, dogwood is a broadleaf shrub which thrives in damp woodland edges.
10. *Hazel (Corylus Avellana)* - Nut producing shrub level tree, loved by dormice & squirrels, will be coppiced when mature.
11. *Holly (Ilex Aquifolium)* - Evergreen & prickly. Providing greenery, berries & shelter in the winter months.
12. *Spindle (Euonymus Europaeus)* - A shrub with unusual & pretty pink, geometric shaped berries.
13. *Sweet Chestnut (Castanea sativa)* - Produces edible nuts & will be coppiced every few years.
14. *Aspen (Populus tremula)* – Beautiful trees with shimmering foliage.
15. *Apple (Malus x domestica)* – *Native Apple* – Known for its white blossom with a hint of pink that usually appears in May & June

List of trees available to plant & sponsor on a grave in the Bluebell Wood:

- a) *Crab Apple (Malus Sylvestris)* – As above
- b) *Common Dogwood (Cornus Sanguis)* – As above
- c) *Hazel (Corylus Avellana)* – As above
- d) *Holly (Ilex Aquifolium)* – As above
- e) *Spindle (Euonymus Europaeus)* – As above
- f) *Rowan (Sorbus Aucuparia)* – As above
- g) *Sweet Chestnut (Castanea sativa)* – As above
- h) *Apple (Malus x domestica)* – *Native Apple* – As above
